

Adventure Safaris Home School Classes for 2008-2009

Exploring God's Basement Series. History of the Megalithic World

This series, by Russ and Tricia McGlenn, covers history and archeology from a Biblical world view. Also, we do more hands on activities. With each of three lessons we will have an art exercise to help students do perspective drawings. Theme Verses: Matt. 11:25 and 13:44.

Many Christians Colleges do not mention one of the most important world changing events of the ancient world. That is the Tower of Babel and the dispersion of nations. Millions of people were affected by Nimrod's rebellion when he built the Tower. The spreading of the Gospel is still affected by this language confusion. Why is the world better off today because of the confusion of languages? How did this event affect the spread of civilizations around the world? Besides the Biblical account, we'll look at non-biblical records of ancient people which tell of this event.

Other topics we will cover: Dinosaurs in Medieval Europe. Huge Megalithic (rock) structures built right after Noah's Flood showing incredible human engineering that we are just now beginning to understand. Phoenician ships that came to the great Lakes area at 2000 BC and missionaries here long before Columbus "discovered" America. Russ draws from his Native American heritage to show many Indian connections to the Bible and our culture. Sign up through your co-op, e mail us at russmcglenn@juno.com or phone 805 925 9750.

Lesson 1 The Red Record. God speaks through ancient records written by Native Americans. Gen. 6:5,8

Lesson 2-3 The Tower of Babel and dispersion of Nations. See where all the nations came from. Activity-Perspective Drawing of Tower of Babel

Lesson 4-5 Mystery of the Effigy Mounds. Evidence for the Flood and Dinosaurs. Gen. 1:24,25, Job 41 Activity – make a clay model of an effigy

Lesson 6 Evidence for Dinosaurs in Medieval Times. Job 40

Activity-Drawing Dinosaurs

Lesson 7,8 Ancient Engineers, Trebuchets (Activity build Catapult) Gen.11:6

Lesson 9,10 Megalithic structures of Zimbabwe, Africa. 1300-1500 AD

Activity-African Trading Game, Castle Floor Game

Lesson 11,12 Lebanon Megalith at Baalbeck & Easter Island

Lesson 13 Phoenician Ships and Copper Ingots. Life after the Flood

Activity-Perspective drawing of Phoenician boat

Lesson 14 Missionaries to the New World, Last Navigator, Verse: Matt.28:19-20, Rev.14:6 Activity – Stick map of your neighborhood.

Lesson 15 Viking Missionaries in the New World 1000 AD. Matt.28:19

Lesson 16 Tucson Artifacts, Roman Hebrew Christians in North America 790 AD
Activity-Make a Viking ship.

**ADVENTURE
SAFARIS**

Russ McGlenn is a Creation Science teacher, author, speaker, and amateur paleontologist. He & his wife Tricia are missionaries with Twin Cities Creation Science Association. They live in Santa Maria, CA..
