Vol. 32, No. 1

It's a Young World After All

7:30 PM, January 17, 2006, Rm. 116, Totino Fine Arts Center, Northwestern College

Welcome to a new year with a whole new slate of speakers. First up we have Dr. Allen Curtis who was well received a year ago when he spoke on how men lived almost one thousand year before the flood.

Even many people who believe in Intelligent Design feel that the evidence for an ancient earth is so strong that they have no recourse but to accept it. Yet there are major problems with the dating methods, including unwarranted assumptions. In addition, a lot of selection and adjustment of data is taking place behind the scenes that gives an illusion of congruence. There is a powerful case for a young earth that fits the Biblical chronology and explains the geologic data far better than the standard chronology.

There are many clues that common dating methods give erroneous values. Among them:

A World War II airplane is about 1,000 years old according to Evolutionists!

Radio Halo's had to form in less than 1/5th of a second!

If the fire is still smoldering, it's less than 6 months old!

All meetings are free and open to the public. A free-will offering will be accepted.

TCCSA's STATEMENT OF BELIEF

We believe in God: The Father, Son and Holy Spirit. We believe that the Bible is the inspired Word of God, and that all of its assertions are historically and scientifically true in the original autographs; this means that the account of origins in Genesis is a factual presentation of actual historical truths.

We believe that the origin of matter and all basic types of living things, including man, came about through direct creative acts of God during the six-day creation week described in Genesis. Whatever biological changes have occurred since the creation week have accomplished only changes within the created kinds.

We believe that the great flood described in Genesis, commonly referred to as the Noachian Flood, was an historic event, world-wide in extent and effect.

We accept the account of the special creation of Adam and Eve as the first man and woman. Their subsequent fall into sin, by disobedience of God's direct command, is the basis for our belief in the necessity of a Savior for all mankind.

Therefore, we believe that Jesus Christ is our Lord and only Savior and that personal faith in Him is necessary for salvation.

CREATIONWISE

TCCSA is sponsoring a writing contest again this school year (due Mar. 15) and our annual Science Fair at Har Mar Mall in Roseville on Feb. 18-19. You may combine the two and write about your Science Fair Project. Go to www.tccsa.tc for rules, dates and information about both activities.

Occasionally TCCSA offers something special with your paid membership. For the first fifty people who join or renew for 2006 we have a gift. These gifts must be picked up - none will be mailed.

The TCCSA annual report is available at www.tccsa.tc or at upcoming meetings.

I want to become a member of TCCSA and I subscribe to the Statement of Belief. (Calendar year membership dues are \$20.00. Students do not pay dues.)

E-Mail: david-johnson@usfamily.net

I want to renew my membership in TCCSA (note dues above).
