July 2008

Vol. 34, No. 7

## *Darwin's Deadly Legacy*

7:30 PM, July 15, 2008, Totino Fine Arts Center, F2128 (Old Room 116), Northwestern College

PG Rated: Contains Graphic Photographs of the Holocaust

The social consequences of Darwin's theory are something that evolutionists would like to sweep under the rug. But everything from predatory capitalism to the holocaust can be traced to the intellectual foundation of evolution. Marx and Mao took their inspiration from the idea of inevitable progress -- especially if obstacles, such as millions of opponents, can be removed. Youth who are told to "make something of their lives" by teachers who also tell them that they are accidental members of an accidental species are only being logical if they resort to hedonism, murder and/or suicide.

This groundbreaking documentary from Dr. Kennedy and Coral Ridge Ministries, looks into the chilling social impact of Darwin's theory of evolution - and the mounting evidence that Darwin had it wrong on the origin of life.

This 60 minute special featuring Ann Coulter, author of *Godless*; Richard Weikart, author of *From Darwin to Hitler*, Lee Strobel, author of *The Case for a Creator*; Jonathan Wells, author of *Icons of Evolution*; Phillip Johnson, author of *Darwin on Trial*; Michael Behe, author of *Darwin's Black Box*, and Ian Taylor, author of *In the Minds of Men* will show why evolution is a bad idea that should be discarded into the dustbin of history.

All meetings are free and open to the public, an offering will be accepted.

Have you considered ...

... the grass plant. This seemingly unimportant plant is often ignored and taken for granted. Yet let's examine it. Notice the stem is round and mostly hollow except at the joint or node. This stem lies in the sheath which is open part of the way down. **The unique aspect of this plant is that it grows from the back of the sheath.** If most of the grass plant gets mowed or eaten, the grass is able to grow back. This differs greatly from other plants because they grow from the tips of their stems. Grasses are unique in that they continue to grow even if chewed or mowed. Over one-third of earth's land surface is covered by grasses and only animals can digest them, not humans.

Abeka Biology (p. 19-21)

Julie Von Vett is available to speak (651) 464-4361

**Coming Up . . .**

August— No meeting or newsletter  
Sept. 16—Ian Taylor – Feathered Dinosaurs  
Oct. 21—Ian Juby with a traveling museum  
Nov. 18—Lyn Griffin—Scopes Trial  
December—No meeting or newsletter

**TCCSA's STATEMENT OF BELIEF**  
 We believe in God: The Father, Son and Holy Spirit. We believe that the Bible is the inspired Word of God, and that all of its assertions are historically and scientifically true in the original autographs; this means that the account of origins in Genesis is a factual presentation of actual historical truths.  
 We believe that the origin of matter and all basic types of living things, including man, came about through direct creative acts of God during the six-day creation week described in Genesis. Whatever biological changes have occurred since the creation week have accomplished only changes within the created kinds.  
 We believe that the great flood described in Genesis, commonly referred to as the Noachian Flood, was an historic event, world-wide in extent and effect.  
 We accept the account of the special creation of Adam and Eve as the first man and woman. Their subsequent fall into sin, by disobedience of God's direct command, is the basis for our belief in the necessity of a Savior for all mankind.  
 Therefore, we believe that Jesus Christ is our Lord and only Savior and that personal faith in Him is necessary for salvation.

Just because there is no August meeting you don't have to go through Creation Science withdrawal. Come visit the Christian Resource Center (CRC) during our summer hours and check out our extensive Creation Science resources. If you want to mail back DVDs you have borrowed, you can pick up a mailer while you are at CRC. Books can be returned even when we aren't open through the drop-off box by the entrance.

Tuesdays 12:00 – 3:00 p.m. *and* 6:00 – 9:00 p.m.  
 Wednesdays 12:30 – 3:00 p.m.  
 Saturdays 10:00 a.m. – 1:00 p.m.

CRC is located at Grace Church Roseville. Call (651) 633-6479 or look us up on the web at [www.gracechurchroseville.org](http://www.gracechurchroseville.org).

I want to become a member of TCCSA and I subscribe to the Statement of Belief. (Calendar year membership dues are \$20.00. Students do not pay dues.) E-Mail: [david-johnson@usfamily.net](mailto:david-johnson@usfamily.net)

I want to renew my membership in TCCSA (note dues above). Mail: TCCSA

Please keep me on your mailing list  and/or e-mail updates 6300 Georgia Ave. N.

I want to make a donation to help promote Creation Science. Brooklyn Park, MN 55428-2526
