June 2013

Vol. 39, No. 6

## Facts that Support Creation and the Bible

Tuesday, June 18, 6:00, Totino Fine Arts Bldg, Room F2128, Northwestern College, 3003 N Snelling, Roseville

Come see how some basic life principles support the truth of God and His creation. This will be edutainment for the entire family with scientific demonstrations and important information to build a solid foundation upon God's Word.

Brian Young is one of our most popular speakers with young people and his talks are full of surprises. Last year he kept the kids on the edge of their seats and expect more this month. Adults will not be disappointed either.

His web site contains many valuable resources and the locations of the creation camps he teaches this summer. [www.creationinstruction.org](http://www.creationinstruction.org).

All meetings are free and open to the public, a free-will offering will be accepted.

I've been reading...

...*The Harbinger*, by Jonathan Cahn. A novel that shows the steps Israel took to abandon God because they were strong enough to protect themselves. It shows how we (USA) are taking the same steps away from God and He is warning us to return or face the same consequence. The warnings God gave them and us are so similar, we can be certain of no future if we don't return to His principles and commands.

...*Inspired Evidence, Only On Reality*, by Julie Von Vett & Bruce Malone. A daily devotional inspired by God's creation. It's amazing how creatures require multiple complex things to happen simultaneously or it dies. There is no way it could just happen naturally because everything has to be there at the beginning or nothing works. The complexity and beauty of God's creation is so wonderful, it can only be caused by an infinite being that loves us beyond understanding. The Bible can be trusted from cover to cover.

### Coming Up . . .

July 16—Dr. Roger Gallop, Evolution, greatest hoax in Modern History—Video  
August—no meeting or newsletter  
Sep. 17—Russ McGlenn, God's Little Ocean Cleaners  
Check for updates at [www.tccsa.tc](http://www.tccsa.tc)

### Web Site Update

From time to time we get statics on who and how many are visiting our web site, [www.tccsa.tc](http://www.tccsa.tc). We have over 200 people check us out each day. Currently China is coming in 2nd in the number of people viewing our site. Thanks to Ross Olson for keeping it updated and informative.

On Facebook? So are we—[www.facebook.com/pages/TCCSA/110571272303973?ref=ts](http://www.facebook.com/pages/TCCSA/110571272303973?ref=ts)

**CREATIONWISE**

**Have you considered...**

...that one of the basic reasons leading to the scientific method was the sinfulness of man. Sixteenth century reformers realized because of man's depravity that reason could not be trusted totally. Man's sinfulness caused an inclination toward twisting things for his own purposes. So, science needed both reason and repeatable experimentation.

The reformers took seriously, that man was to have dominion over creation, which meant he needed to study and understand it. These two ideas, man's sinfulness and taking dominion, birthed the scientific revolution which produced many of the founders of the various branches of science. These were Bible-believing scientists, such as Newton, Lister, Kepler, Boyle, Maxwell, Faraday...

"Thinking God's thoughts after Him" has produced much of the technology we have today.

...stop and consider God's wonders. Job 37:14

*What if Jesus Had Never Been Born?*, D. James Kennedy, 1994, p.91-106.

If we haven't heard from you for several years, we may remove your name from our mailing list. Please let us know if you want to remain on our newsletter list. On your mailing label there is a letter and a number following your name. The number is the year we last heard from you. R05 = 2005, M10 = 2010 The M number shows the most recent year you were a member.

**TCCSA's STATEMENT OF BELIEF**

We believe in God: The Father, Son and Holy Spirit. We believe that the Bible is the inspired Word of God, and that all of its assertions are historically and scientifically true in the original autographs; this means that the account of origins in Genesis is a factual presentation of actual historical truths.

We believe that the origin of matter and all basic types of living things, including man, came about through direct creative acts of God during the six-day creation week described in Genesis. Whatever biological changes have occurred since the creation week have accomplished only changes within the created kinds.

We believe that the great flood described in Genesis, commonly referred to as the Noachian Flood, was an historic event, world-wide in extent and effect.

We accept the account of the special creation of Adam and Eve as the first man and woman. Their subsequent fall into sin, by disobedience of God's direct command, is the basis for our belief in the necessity of a Savior for all mankind.

Therefore, we believe that Jesus Christ is our Lord and only Savior and that personal faith in Him is necessary for salvation.

**We Need Help !**

Do you have a desire to get involved with planning our meetings? We need additional members on the TCCSA board. No experience required but a love of science is helpful and belief in God's inerrant Word is required. We meet about 6 times a year.
