

# CREATION BULLETIN

October 2013

Vol. 39, No. 9

## What Evolution Can and Cannot Do

Tuesday, October 15, 7:30, Nazareth Hall Chapel, Univ. of Northwestern, 3003 N Snelling, Roseville

In the debate between creation and evolution, both sides employ scientific methods to defend their position, hoping that science will eventually prove them right. However, much of this debate centers on ancient evidence and the application of scientific methods to explain the distant past is inherently tainted by bias and assumptions.

In contrast, the epic battle for survival between humans and malaria and the modern struggle between malaria and antibiotics provide recent experimental evidence of exactly what evolution (i.e., genetic mutations and natural selection) has and has not accomplished. In many cases, the specific genetic changes that confer advantages to either humans or malaria in this battle have been determined. This objective evidence provides insight to the severe limitations of evolution, especially when compared to the incredible complexity of self-assembling biological systems. Dr. Rob Stadler will help us understand some of the information he has gleaned from research on the topic. Note: location is the chapel this month.

All meetings are free and open to the public, a free-will offering will be accepted.

### Church Point People Wanted

We would like to have someone in each church who can promote biblical creation to your congregation.

1. Have a desire to promote creation science
2. You are a Christian
3. Do not have to be a leader
4. Need only a basic understanding, not be an expert
5. Have a desire to learn more about creation science

If you are interested in becoming involved let us know so we can provide more information.

### More Free Stuff on the Web For Kids

Did you know you can get free creation stuff?

- ◆ [www.tccsa.tc/nuckols/index.html#nuckols\\_book](http://www.tccsa.tc/nuckols/index.html#nuckols_book)  
Look at great cartoons.
- ◆ [www.answersingenesis.org/kids](http://www.answersingenesis.org/kids) Lots of stuff to do.
- ◆ [www.creationtoday.org/watch-videos/](http://www.creationtoday.org/watch-videos/) watch free videos

### Coming Up . . .

Nov. 19—Bob Bonahoom, Global Warming

Dec—no meeting or newsletter

Jan. 21—Dr. Clyde Billington, In Search of the Lost Temple Menorah

Check for updates at [www.tccsa.tc](http://www.tccsa.tc)

### Looking Ahead

TCCSA want to encourage students to go deeper in science and offer two competitions to help you.

We are planning another Science Fair for February, stay tuned for date and location. You can start planning, constructing and completing a project now.

<http://tccsa.tc/fair/index.html>

We have a writing contest with May 15 the deadline to turn in your writing project.

<http://tccsa.tc/archives/contest/index.html>

We offer prizes for the above activities but for some real cash go to <http://midwestcreationfellowship.org/pages/essay/essay-annual.php>. There will be more competition but the rewards will also be greater. You are welcome to enter any or all of these competitions.

### Program DVD's

Have you wished you had a copy of a TCCSA program that you missed or want to share? Most of our programs have been recorded and are available from Lehrke Productions. They may be purchased at our meetings or from [LLL@mntelevision.com](mailto:LLL@mntelevision.com).

On Facebook? So are we—[www.facebook.com/pages/TCCSA/110571272303973?ref=ts](http://www.facebook.com/pages/TCCSA/110571272303973?ref=ts)

# CREATIONWISE

## Have you considered...

...Have you ever tried to count the clouds? At any given moment, about one half of the Earth's surface is covered with clouds. These clouds are either made of water droplets or ice crystals. Of the three types, the cumulus or "cotton ball" clouds last from 5-40 minutes. The number of clouds in the sky is always changing...yet God knows the number of clouds. He (God) asked Job, in Job 38:37 "Who has the wisdom to count the clouds?" Just as God knows the number of hairs on our head, He knows the number of clouds in the sky at any given moment. God is all-knowing of His creation. So take a moment, look up into the sky and marvel...

...stop and consider God's wonders. Job 37:14

"Who has the wisdom to count the clouds?" Job 38:37

If we haven't heard from you in several years, we may remove your name from our mailing list. Please let us know if you want to remain on our newsletter list. Your mailing label has a letter and a number following your name. The number is the year we last heard from you. R05 = 2005, M12 = 2012. The M number shows the most recent year you were a paid member. Members get additional discounts on many things on our book table which are already discounted. Membership also gets you a free DVD at the book table, ask if you paid by mail.

### TCCSA's STATEMENT OF BELIEF

We believe in God: The Father, Son and Holy Spirit. We believe that the Bible is the inspired Word of God, and that all of its assertions are historically and scientifically true in the original autographs; this means that the account of origins in Genesis is a factual presentation of actual historical truths.

We believe that the origin of matter and all basic types of living things, including man, came about through direct creative acts of God during the six-day creation week described in Genesis. Whatever biological changes have occurred since the creation week have accomplished only changes within the created kinds.

We believe that the great flood described in Genesis, commonly referred to as the Noachian Flood, was an historic event, world-wide in extent and effect.

We accept the account of the special creation of Adam and Eve as the first man and woman. Their subsequent fall into sin, by disobedience of God's direct command, is the basis for our belief in the necessity of a Savior for all mankind.

Therefore, we believe that Jesus Christ is our Lord and only Savior and that personal faith in Him is necessary for salvation.

### We Need Help !

Do you have a desire to get involved with planning our meetings? We need additional members on the TCCSA board. No experience required but a love of science is helpful and belief in God's inerrant Word is required. We meet about 6 times a year.

### FIND US ON THE WEB [www.tccsa.tc](http://www.tccsa.tc)

Dave Johnson, President      david-johnson@usfamily.net  
 Byron Twiss, Treasurer      byrontwiss@msn.com  
 Ross Olson, Webmaster      ross@rossolson.org  
 Russ McGlenn, Adventure Safaris      russmcglenn@juno.com

I want to become a member of TCCSA and I subscribe to the Statement of Belief. (Calendar year membership dues are \$20.00. Students do not pay dues.)

I want to renew my membership in TCCSA (note dues above).
