

# CREATION BULLETIN

May 2015

Vol. 41, No. 5

## Evolution: Probable or Problematic?

Tuesday, May 19, 7:30, Totino Fine Arts Center, Room F2128, Univ. of Northwestern, 3003 N Snelling, Roseville

Certain aspects of evolution occasionally seem fairly plausible to many people... even Christians. If we use our imagination, we can envision fish slowly turning into amphibians, with their fins gradually being transformed into legs and their lungs adapting to breathing air. However, when we take a closer look at what actually has to go on inside (in the DNA) we see a very different picture. It's like looking under the hood of a beautiful red sports car only to find that its engine is completely missing! Presenting some cutting-edge information about DNA, this presentation clearly demonstrates (in laymen's terms) that molecules-to-man evolution is virtually impossible.

Jay Seegert is Co-Founder and Principal Lecturer for the Creation Education Center. [www.cecwisc.org](http://www.cecwisc.org)

All Meetings are free and open to the public, an offering will be accepted.

Have you considered...

...the *Goniurellia tridens* fruit fly. On its transparent wings are the images of ant-like insects with the three parts of an insect (head, thorax and abdomen), six legs and two antennae. When endangered, the fly flutters its wings causing the two ant-like images to move back and forth causing the predator to be confused which allows the fly to dart away. How do evolutionists explain how these images got "painted" on the wings? Does the fruit fly have the mental ability to "paint" these images? When we see perfectly designed images with precise detail then we know there must be a designer and that designer is God...

...stop and consider God's wonders. Job 37:14

### Coming Up . . .

June 16—Brian Young, Evolution, Astronomy and Men on Mars

July 21—TBD

August—No meeting, no newsletter

Sept. 15—Russ McGlenn

Check for updates at [www.tccsa.tc](http://www.tccsa.tc)

### E-mail Newsletters

Postage rates continue to increase and returned newsletters now cost us \$1.21 for return postage. Some don't have email so we want to continue to offer these paper newsletters. If you have email, please consider going to the email version. You will receive your newsletter sooner and we include links to other activities you may be interested in. We remind you a few days before the meeting with location updates. Thanks

### K-12 Writing Contest ends May 15

Does your child like to write? We want to encourage your kids to become science writers for future generations. This is a good opportunity for them to get experience in writing. They can use their science fair project or another topic. The following link offers rules and suggestions.

#### TCCSA's STATEMENT OF BELIEF

We believe in God: The Father, Son and Holy Spirit. We believe that the Bible is the inspired Word of God, and that all of its assertions are historically and scientifically true in the original autographs; this means that the account of origins in Genesis is a factual presentation of actual historical truths. We believe that the origin of matter and all basic types of living things, including man, came about through direct creative acts of God during the six-day creation week described in Genesis. Whatever biological changes have occurred since the creation week have accomplished only changes within the created kinds. We believe that the great flood described in Genesis, commonly referred to as the Noachian Flood, was an historic event, world-wide in extent and effect. We accept the account of the special creation of Adam and Eve as the first man and woman. Their subsequent fall into sin, by disobedience of God's direct command, is the basis for our belief in the necessity of a Savior for all mankind. Therefore, we believe that Jesus Christ is our Lord and only Savior and that personal faith in Him is necessary for salvation.

#### Moving?

Or if you will be away for an extended period. Let us know so you won't miss out! The Post Office returns these newsletters so we can update your address, but they charge us for each return. Help us save money and keep you informed by letting us know where you are or will be. You may also convert to email so it goes where you go.

This newsletter is also available as an email? You not only receive your newsletter faster, we send a reminder a couple days before the meeting. We include late-breaking news and activities in the reminder. Let us know if you would like to be included on our email list. We won't share your information with anyone.

We're on Facebook [www.facebook.com/pages/TCCSA/110571272303973?ref=ts](http://www.facebook.com/pages/TCCSA/110571272303973?ref=ts)
