

Creation Vacation: Black Hills/Badlands National Park

Tues, Sept. 20, 7:30, Totino Fine Arts Room F2128, Univ. of Northwestern, 3003 N Snelling

So you're taking a road trip to the Black hills/ Badlands area. How do you view it from a biblical perspective with the Genesis Flood and subsequent Ice Age?

Why are there so many caves? Why does Devil's Tower literally tower over the landscape? And when looking at Badlands National Park how was this landscape produced? Come explore the wonders of this area from a biblical perspective and find little known places to visit!

Julie Von Vett is always a popular speaker and everyone will enjoy this.

All Meetings are free and open to the public, an offering will be accepted.

Have you considered...

...How did animals migrate around the world so quickly after the Flood of Noah's day? Remember all nostril-breathing land-dwelling animals that were not on the Ark, died. The Ark landed in the mountains of Ararat which is near present day Turkey. So how did kangaroos get to Australia and raccoons to North America? There could be several ways for the animals to migrate across the planet...

After the Flood was the one and only Ice Age caused the lowering of the sea some 300 feet (evaporated waters came onto land, fell as snow and staid for hundreds of years). This resulted in land bridges like the Bering Strait becoming a land bridge across Siberia to Alaska. The Indonesian Islands could easily have become a land bridge to Australia. Kangaroos could have hopped to Australia

Animals could have been on floating log mats with the ocean currents transporting them around the earth. In 1992 a container ship in the North Pacific lost its cargo of thousands of bathtub rubber ducks. Within three months, rubber duckies had floated to Indonesia, Australia, and South America, later they floated into the Arctic and Atlantic Oceans.

When we put on our Biblical glasses it is not difficult to see how the animals spread out and filled the land after the Flood of Noah's day.

Statham, Dominic. 2013. *Migration After the Flood*. DVD. Creation Ministries International.

Prayer Requests

Linda Lehrke, our videographer, and her husband are both experiencing health issues. Please pray for Linda and Rod.

Trisha McGlenn is also experiencing medical problems making it impossible for Russ to be here this month. Please keep them in prayer also. Thanks

Program changes: As you are aware we had to change our program this month. We were informed that Dr. Charles Jackson who was scheduled for November, changed jobs and can't be here this year. We are grateful for Julie Von Vett being willing to step in on short notice. Pray for us!

Coming Up (Lord Willing) . . .

Oct. 17—Dr. Glen Collins,
Oct. 18—Dr. Collins, Understanding how our world works
Nov. 15—TBD
Dec.—No meeting or newsletter.

TCCSA's STATEMENT OF BELIEF

We believe in God: The Father, Son and Holy Spirit. We believe that the Bible is the inspired Word of God, and that all of its assertions are historically and scientifically true in the original autographs; this means that the account of origins in Genesis is a factual presentation of actual historical truths. We believe that the origin of matter and all basic types of living things, including man, came about through direct creative acts of God during the six-day creation week described in Genesis. Whatever biological changes have occurred since the creation week have accomplished only changes within the created kinds. We believe that the great flood described in Genesis, commonly referred to as the Noachian Flood, was an historic event, world-wide in extent and effect. We accept the account of the special creation of Adam and Eve as the first man and woman. Their subsequent fall into sin, by disobedience of God's direct command, is the basis for our belief in the necessity of a Savior for all mankind. Therefore, we believe that Jesus Christ is our Lord and only Savior and that personal faith in Him is necessary for salvation.
