Vol. 46, No. 7

Do You Have a Date with Carbon 14?

Tuesday July 21, 2020, This is a live Zoom meeting, a recording will be on YouTube later.

This program opens with preliminary points about the relationships among Scripture, science and evolution. After a look at the basics of atomic structure, the formation and decay processes of Carbon-14 are presented. The fascinating finding of C-14 in diamonds and coal are discussed along with the very important implications for the age of the earth. Then the effect of the decay of C-14 in the human body is discussed in relation to the genetic burden of mutations and further implications for the human race. This presentations ends with a brief discussion of spiritual decay and renewal.

Dr. Joseph Kezele returns with another talk you will be interested in and you won't have to go anywhere to participate. You must request a link from david-johnson@usfamily.net by noon on the 21st in order to join the meeting.

Have You Considered ...

... With the pandemic upon us, we turn to science. Do germs arise spontaneously? From the Middle Ages to Pasteur (1859) diseases were thought to arise spontaneously. Pasteur with his ingenious swan-neck flask experiment demonstrated irrefutably that simplest of living things cannot arise spontaneously from non-living matter. Pasteur destroyed the evolutionary myth that the first life arose from non-living matter. Pasteur's experiment established the germ concept of disease. This scientific fact, that life comes from life, has changed how physicians combat disease-producing organisms. Today we know that diseases come from germs that reproduce after their kind. This idea, that life comes from life and not spontaneous generation (non-life producing life), resulted in the spectacular saving of millions of lives then and now. Preventive medicine becomes possible with this truth alone. The ancient evolutionary doctrine of spontaneous generation must be discarded to do good science. Today, preventative medicine knows life only comes, life, this idea will stop the spread of diseases.

Wise, David A., "Modern Medicine is not so Modern", Creation Research Society Quarterly. Volume 30, June 1993. p.18-19.

In June and now in July we plan to do a live Zoom program that will be recorded and placed on our YouTube channel. You must request access to the meeting from david-johnson@usfamily.net by noon on July 21 to be sure you get included. Please remember you may have a live microphone and camera hearing and seeing what you are doing and saying. You won't need your mic until the Q & A time.

We're on Facebook www.facebook.com/pages/TCCSA/110571272303973?ref=ts
TCCSA Videos are on YouTube—link at www.tccsa.tc We also have many programs on DVD.

Coming Up (Lord Willing) . . .

August 18—Bian Young, A New Look at Adam
Sept. 15—Russ McGlenn, Would you Like a Neck or a Wing?
Oct. 20—David Coppedge, Cassini's Discoveries at Saturn
Nov. 17—Rob Stadler, Stairway to Life; Origin-of-Life Check
Check for updates at www.tccsa.tc

TCCSA's STATEMENT OF BELIEF

We believe in God: The Father, Son and Holy Spirit. We believe that the Bible is the inspired Word of God, and that all of its assertions are historically and scientifically true in the original autographs; this means that the account of origins in Genesis is a factual presentation of actual historical truths. We believe that the origin of matter and all basic types of living things, including man, came about through direct creative acts of God during the six-day creation week described in Genesis. Whatever biological changes have occurred since the creation week have accomplished only changes within the created kinds. We believe that the great flood described in Genesis, commonly referred to as the Noachian Flood, was an historic event, world-wide in extent and effect. We accept the account of the special creation of Adam and Eve as the first man and woman. Their subsequent fall into sin, by disobedience of God's direct command, is the basis for our belief in the necessity of a Savior for all mankind. Therefore, we believe that Jesus Christ is our Lord and only Savior and that personal faith in Him is necessary for salvation.
