A New Look at Adam

Tuesday August 18, 2020, This is a live Zoom meeting, a recording will be on YouTube later.

Well, it is 2020 so anything can happen this year. Our speaker this month is Brian Young from Nebraska. He scheduled several speaking engagements around our meeting here in Minnesota. Due to all the craziness they were all cancelled. We retained Brian for our meeting but it will be another Zoom meeting. You are welcome to join by requesting access from david-johnson@usfamily.net.

The existence of Adam has been questioned by some Christians, primarily those of the theistic evolution persuasion. And, of course, the precursor of the human race in that scenario would have been an ape and presumably not as bright as we are. What does the evidence show us? Anyone who has heard Brian speak knows he is always interesting and often has something unexpected to keep your attention. We are sure you will like this one too.

Have You Considered ...

... toothpaste? Prior to the time of Colgate in 1873, people used soapy water with salt to brush their teeth. The oldest toothpaste formula was found on Egyptian papyrus dating from the 4th century AD. The recipe written down for “white and perfect teeth” called for soot, gum Arabic, mint, salt, grains of pepper and dried iris flowers. Dried iris flowers were the main ingredient in the formula. Actually dental researchers have only recently discovered that iris flowers are an effective deterrent against gum disease. At the dental convention, where it was presented, the Egyptian toothpaste was described as being “ahead of its time”. It was noted by the papyrus researchers that the toothpaste formula was written by someone who knew medicine for he used abbreviations for medical terms. One dentist at the convention brushed his teeth with it and said, “I found that it was not unpleasant”, and ‘afterwards my mouth felt fresh and clean’. Those who believe in evolution and that men were not intelligent in the past have a hard time believing that ancient man was smart. Yet, the Bible tells us that Adam and Eve’s children were raising crops and livestock. And that their grandchildren and great grandchildren developed musical instruments, and forged tools out of bronze and iron. All this before the Flood. If only people had continued to pass down the ancient toothpaste formula; I’m sure it would have been better than the soapy water with salt used some 150 years ago!

We are experiencing unusual difficulties in our nation and state. Please keep our leaders in prayer that they will have God’s wisdom as they make decisions. Also pray for those experiencing hardships and health problems at this time. Prayer unlocks more power than we can even imagine.

You must request access to the meeting from david-johnson@usfamily.net by noon on Aug. 17 to be sure you get included. Please remember you may have a live microphone and camera monitoring what you are doing and saying. You won’t need your mic until the Q & A time.

Coming Up (Lord Willing) ...

Sept. 15—Russ McGlenn, Would you Like a Neck or a Wing?
Oct. 20—David Coppedge, Cassini’s Discoveries at Saturn
Nov. 17—Rob Stadler, Stairway to Life; Origin-of-Life Check
Jan. 19—Brian Lauer, TBA

TCCSA's STATEMENT OF BELIEF

We believe in God: The Father, Son and Holy Spirit. We believe that the Bible is the inspired Word of God, and that all of its assertions are historically and scientifically true in the original autographs; this means that the account of origins in Genesis is a factual presentation of actual historical truths. We believe that the origin of matter and all basic types of living things, including man, came about through direct creative acts of God during the six-day creation week described in Genesis. Whatever biological changes have occurred since the creation week have accomplished only changes within the created kinds. We believe that the great flood described in Genesis, commonly referred to as the Noachian Flood, was an historic event, world-wide in extent and effect. We accept the account of the special creation of Adam and Eve as the first man and woman. Their subsequent fall into sin, by disobedience of God's direct command, is the basis for our belief in the necessity of a Savior for all mankind. Therefore, we believe that Jesus Christ is our Lord and only Savior and that personal faith in Him is necessary for salvation.
