- Overview of Hydro Plate Theory's explanation for the Origin of Comets, Asteroids and Trans Neptunian Objects.
- Facts about the above that suggest they were birthed within the solar system and not from the Oort Cloud, and that the Earth is the likely place of birth.
- Predictions that Dr. Walt Brown has made pertaining to the above.
- Background of Dr. Brownlee and the Stardust Space Mission.
- Kevin Lea's letter to Dr. Brownlee on June 17, 2004 discussing Dr. Walt Brown's predictions about comets, that he should consider since the Stardust probe was just collecting comet debris from Wild2.
- Specific Predictions that Dr. Brown wrote in an email hours before the Stardust Space Probe landed on earth on January 14, 2006
- Dr. Brownlee's presentation at the University of Washington about what they discovered, including Lea's question and Brownlee's answer about whether they found evidence of life. Also exact transcriptions of him admitting that he was shocked by what they discovered and did not know when they would be able to explain what they found, if ever.
- Mr. Lea's interaction with Dr. Brownlee on stage after his presentation and his response a few days later.
