Dennis Siler

**“The Importance of
Exploring Creation and
Sharing God as our
Creator”**

University of Northwestern St Paul, 3003 Snelling Ave. N. Roseville MN
Totino Fine Arts Center Room F2106

God reveals Himself through His Word and His Creation. As the church we usually focus on studying His Word but often miss the opportunity of seeing God through His Creation.

“The heavens declare the glory of God” - Psalm 19:1

In this talk Dennis will present several illustrations from God’s creation useful in our daily lives and how to share the Gospel through His creation.

“When I look at your heavens, the work of your fingers, the moon, and the stars, which you have set in place, what is man that you are mindful of him, and the son of man that you care for him?” Psalm 8:3-4
