

Kid's Night

Tuesday August 19, 2025, 7:00 PM, Univ. of Northwestern, Totino Room F2106

Brian Young is coming from Nebraska for a great time of excitement and information that will surprise and delight kids of all ages. If you have heard Brian you know he can surprise you and keep your attention.

Science can be fun as well as show us some spiritual truths about our lives. Come and be encouraged as we see science and the Bible come alive. Whether a child or an adult, this will bring you smiles and encouragement.

This talk will be interesting to all ages and shouldn't be missed.

All meetings are free and open to the public

Have you considered ...

... scientists have uncovered five octopus fossils. Octopuses are soft bodied animals and remarkably each octopus had eight of its arms fossilized with traces of muscles and rows of suckers. Some even had internal gills and ink fossilized! Today when an octopus dies it does not exist for very long, it decomposes into a slimy blob and within days, scavengers and bacteria cause it to disappear. For an octopus to fossilize would take very special conditions: fast, deep coverage with no oxygen. These special conditions would have been met in the Flood of Noah's day.

Furthermore, these five octopuses were enclosed in limestone. Limestone is considered by evolutionists to take long periods of time to form. During the Flood of Noah's time conditions would have been right for rapid limestone formation. Fossils continue to give evidence that the Flood of Noah's day did occur.

Fossil octopus remarkably preserved reveals details of the eight arms, suckers, ink, gills, mouth, eye capsule and more. Fossil photo and diagram from D. Fuchs, G. Bracchi and R. Weis, ref. 1

Coming Up (Lord Willing)

Sep. 16—Brian Lauer, Errors in Science Books

Oct. 21—Chris Rupe - Contested Bones

Nov 18—Ross Olson, New Age-Next Phase in Evolution

Jan. 20—Michael Drake, The Theology of John Walton

TCCSA's STATEMENT OF BELIEF

We believe in God: The Father, Son and Holy Spirit. We believe that the Bible is the inspired Word of God, and that all of its assertions are historically and scientifically true in the original autographs; this means that the account of origins in Genesis is a factual presentation of actual historical truths. We believe that the origin of matter and all basic types of living things, including man, came about through direct creative acts of God during the six-day creation week described in Genesis. Whatever biological changes have occurred since the creation week have accomplished only changes within the created kinds. We believe that the great flood described in Genesis, commonly referred to as the Noachian Flood, was an historic event, world-wide in extent and effect. We accept the account of the special creation of Adam and Eve as the first man and woman. Their subsequent fall into sin, by disobedience of God's direct command, is the basis for our belief in the necessity of a Savior for all mankind. Therefore, we believe that Jesus Christ is our Lord and only Savior and that personal faith in Him is necessary for salvation.

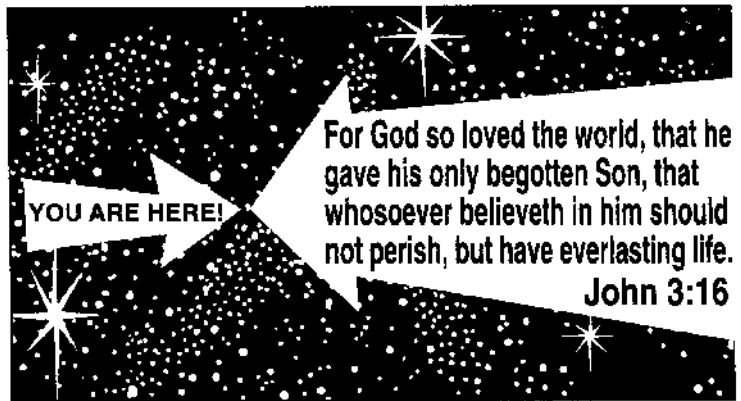

We are Blessed

God is so good! While the world is unwinding before our eyes, we can keep those same eyes focused on Him. We know what will happen before the world ends and know that God is in total control. His family can rest assured that He will never leave or forsake us if we stay close to our Creator. Age and health issues may slow us down, they may even keep us from attending TCCSA meetings. That can't keep us from being close to our Redeemer if we do our part.

A wife sitting in the passenger seat mentioned to her husband that they used to sit so close together, he replied "I did move". We can be as close to Jesus as we want to be. Did you move? You can move back if you did, He is right where he has always been.

Do you read His Word daily? Do you communicate with Him often? Is He number one in your life? Are you sitting in the same place you were when you first found Him or did you move away? We are all getting closer to the time we will meet Him face to face. Lets keep our eyes on the author and finisher of our faith! **Jesus!**
