# Resources

A pair of black-rimmed glasses with patterned temples rests on an open book. The book's pages are filled with text, though it is out of focus. The left side of the image is covered by a dark, semi-transparent overlay where the title and list are placed.

# Join TCCSA!

---

When you subscribe to our statement of belief:

- Get a free DVD (\$20 retail value)
- Get discounts on books and videos for the whole year

# Donate Online

We are a volunteer charitable 501(c)3 organization with a very low budget and a wide reach.

Donations allow us to bring high-quality speakers to the Twin Cities and to maintain our website.

# Finances

We are a non-profit organization run by volunteers and funded by your generous donations. We have had increased expenses this year and need a financial boost. If you benefit from TCCSA, consider a financial gift.

# Giving From an IRA

Are you age 72 or over? Do you have an IRA?

You can give to charity directly from the IRA.

It will not count as income (which might put you in a higher tax bracket) although it is then not tax deductible.

# Did you know?

The search engine GoodSearch donates to a charity of your choice. Let it be TCCSA!

Using GoodShop gives you savings and donates to charity. It can be us!

# Upcoming Events

Check out our posters and calendars at our table and on our website!

Share with your family, friends, co-workers, and church.

**THE WONDER OF THE HUMAN VOICE**  
DR. ANDY MCINTOSH

**Tuesday, April 22, 2025 – 7:00 pm**

This presentation shows that our mouths and throats are built with a unique ability for large variations in types of sound produced. We will show how all the sounds we make are made. Unlike chimps, human tongues are very versatile and our oral cavity is built for speech, not just for singing! Did you know each voice is unique? We will explore the science of the human voice and the waves must obey the laws of physics such that even the wind and the waves must obey the laws of physics.

A man with short dark hair and glasses, wearing a light blue t-shirt and a black backpack, is seen from behind, looking out over a vast, deep canyon. The canyon walls are made of reddish-brown rock, and a river is visible in the distance. The sky is blue with scattered white clouds. The backpack has a small black label with the word "BURTON" in white capital letters.

## CREATION BASICS & BEYOND

Written by 10 Scientists at the Institute for Creation Research

# Can You Be a Point Person?

Many Christians shy away from the issue of creation vs. evolution. Why? Because they think creation is either not important, not credible, or divisive.

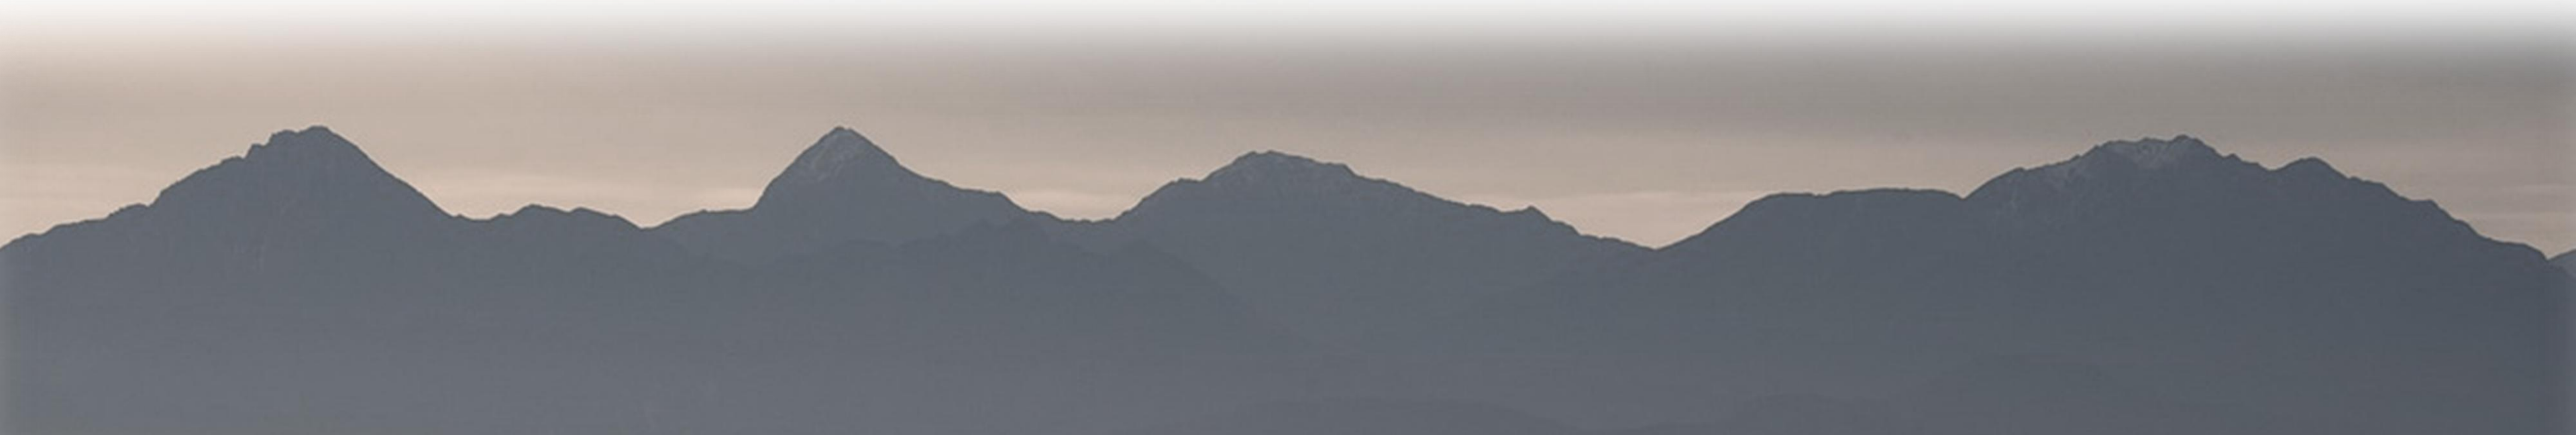

# Is It Important?

Regular TCCSA attenders know that creation is actually far more credible than evolution and is more important to the gospel than most realize.

# **Why Is It Important?**

Believing that God used evolution or took millions of years makes Him either clumsy, cruel, or indifferent and makes the Bible unreliable from the beginning.

# What Is Involved?

But the issue is also not one of pure intellectual discussion. There are psychological and spiritual barriers to even considering the evidence. To be a point person requires humility, prayer, love, and persistence.

# Invite Your Friends

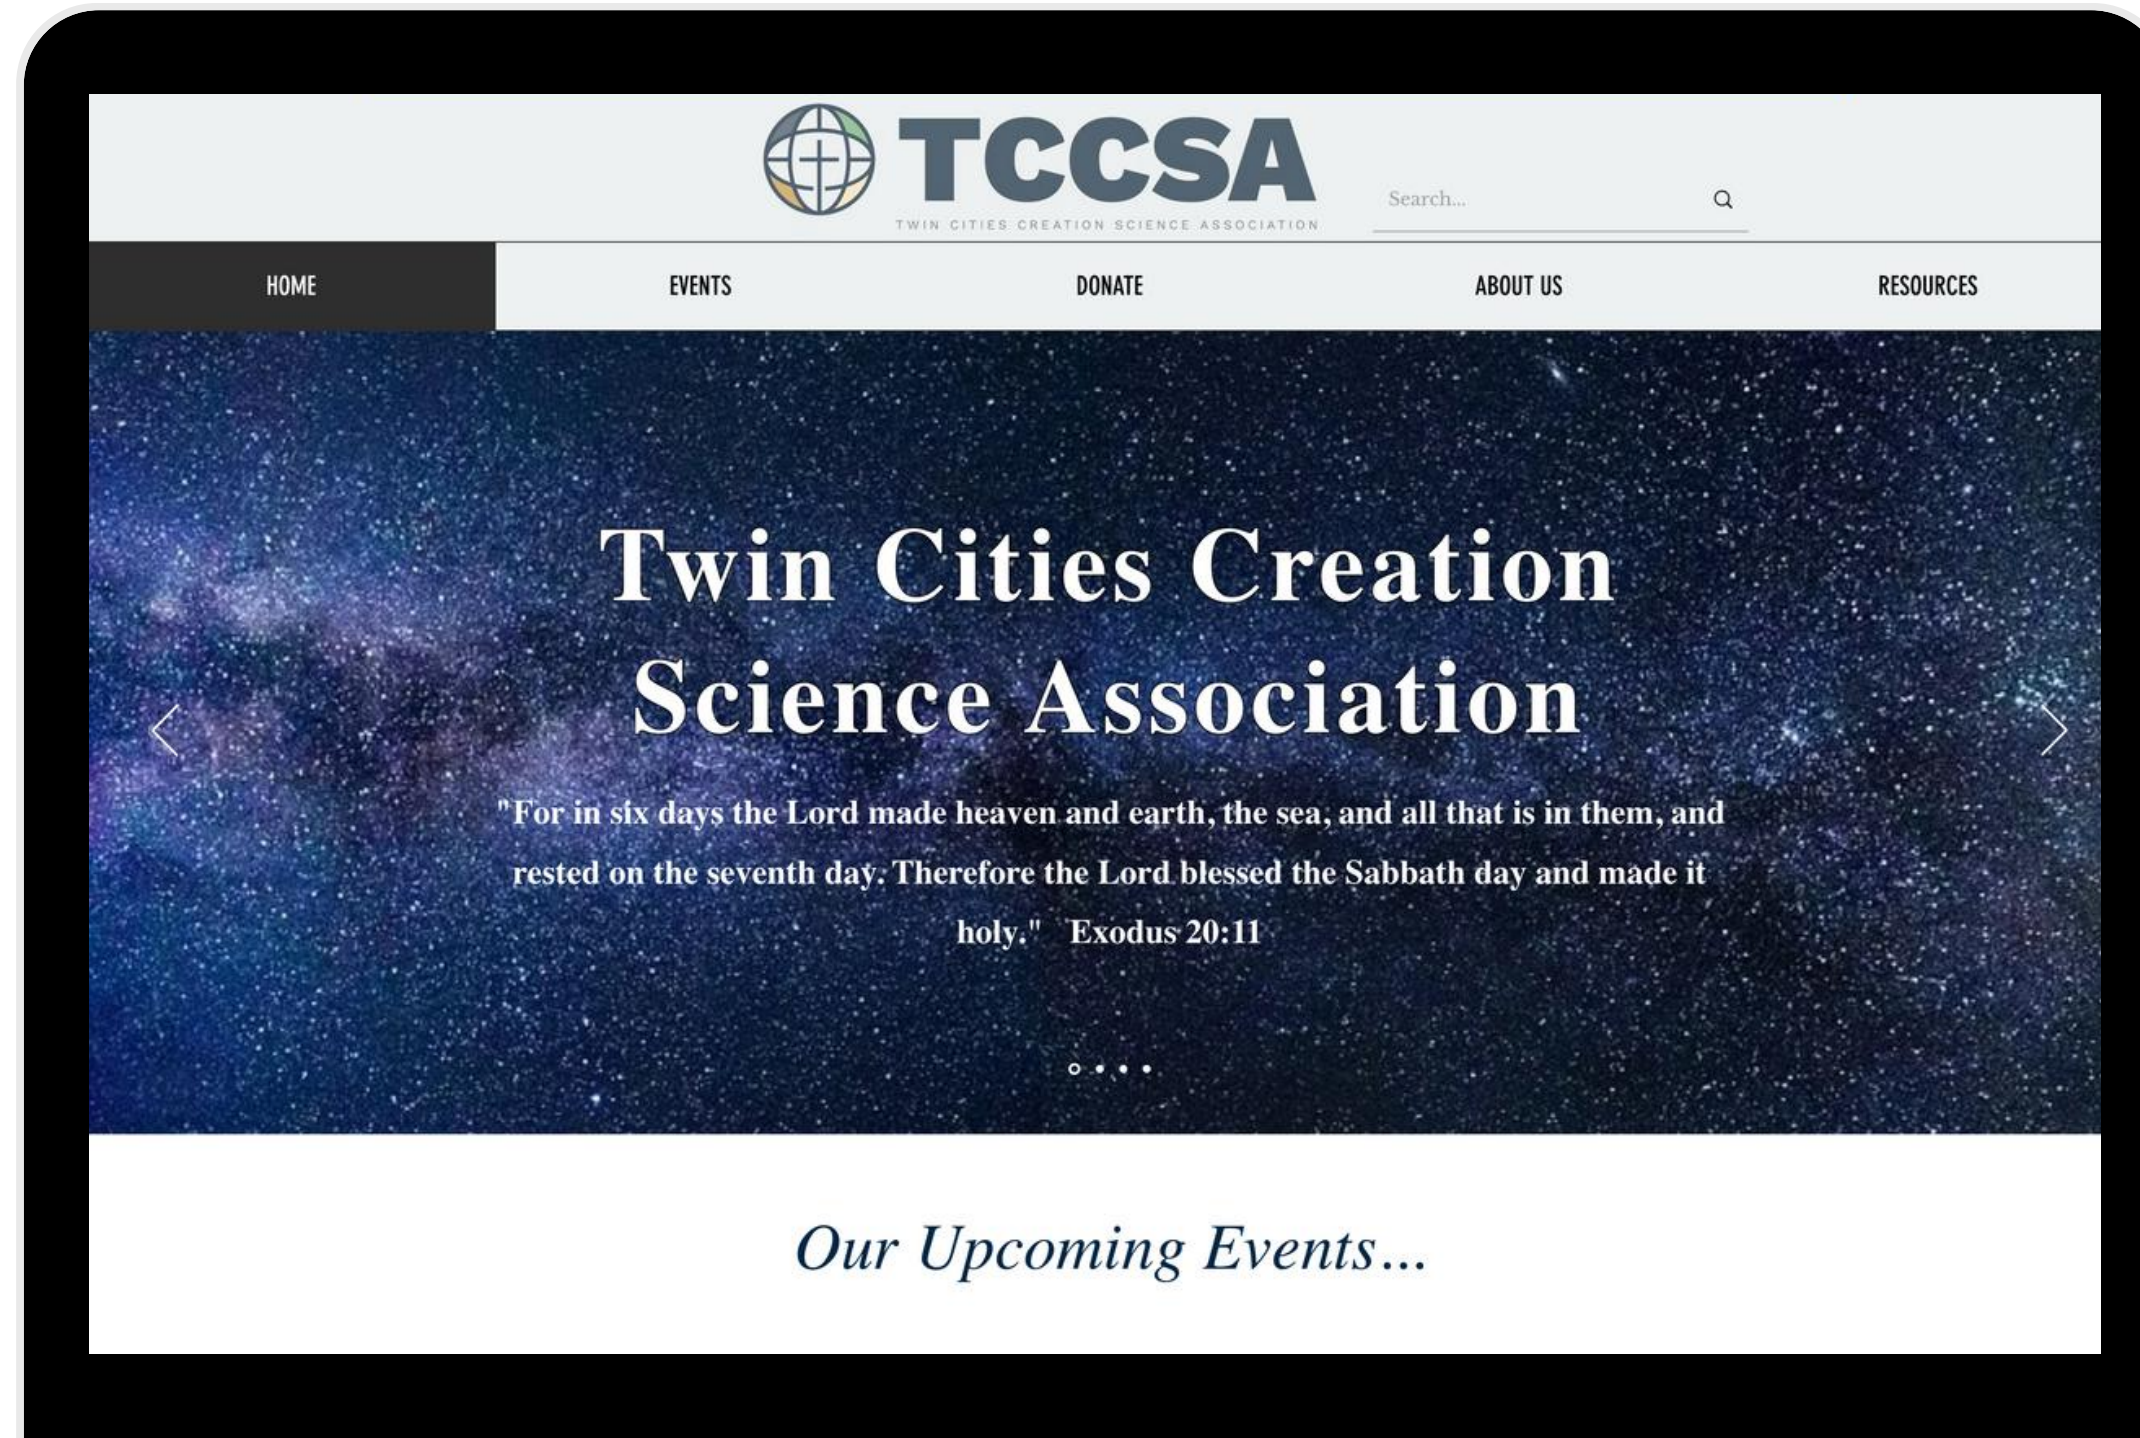

- Christians and non-Christians
- Pastors and professors
- Students and retired people
- Skeptics and apologists

The personal invitation is most effective.
