## TRANSHUMANISM HUMANITY 2.0

WITH ALEX NEWMAN

**Tuesday, February 17, 2026, at 7:00 pm**

In this explosive talk, award-winning investigative journalist Alex Newman exposes Transhumanism. This ideology is an effort to merge man and machine, edit human genetics, become immortal, and have at least some people literally evolve into what leading transhumanists refer to as "gods." Far from science fiction, the technologies are moving at breakneck speed, as Alex will show.
