TWIN CITIES CREATION SCIENCE ASSOCIATION

# THE AWE OF GOD

*Speaker*  
**Bruce Malone**

**Tuesday, May 20, 2025 – 7:00 pm**

We are all surrounded by people who seem to have no interest in the Bible or Christianity in general. Yet children are born with an inherent belief that God exists. It is the evidence from creation that most tangibly connects us with the reality that we have a Creator. The first half of this talk walks us through the book of Job examining God's method for dealing with the man who perhaps suffered more than any human being in history, and the second half looks at seven amazing and unique creatures God has made.
